## Note for Parents & Student Athletes

Dates listed as “Skills & Conditioning” are non-required days. I realize that we start early but with the schedule we run during the school year, we have little time for practice and must make the majority of our time up before school. Please note that the schedule is subject to change and any changes will come via FastDirect message from myself. Additions/cancellations of practices/games will come with a notification as soon as possible. Please also remember and stress with your child(ren) that they are **student-athletes** first and foremost and the academics **MUST** take precedent. It is their responsibility to maintain their grades to a satisfactory level.

Looking forward to working with your girls again this season! **Please let Mr. Chaveriat know if you plan to be absent on any of the dates listed above as soon as possible.** Information on warm-ups will come at the first practice. They are the same ones we have used for several years now.  
GO RAIDERS! – Mr. C.
